NAL-BIBL.--- 80-19

**UNITED STATES DEPARTMENT  
OF AGRICULTURE**

**SCIENCE AND EDUCATION ADMINISTRATION  
TECHNICAL INFORMATION SYSTEMS  
NATIONAL AGRICULTURAL LIBRARY  
BELTSVILLE MARYLAND 20705**

Four U.S. Department of Agriculture agencies -- Agricultural Research Service (ARS), Cooperative State Research Service (CSRS), Extension Service (ES), and the National Agricultural Library (NAL) -- have been merged to form a new organization, the Science and Education Administration (SEA), U.S. Department of Agriculture.

AGRICOLA

LANGUAGES

English, French

Bibliographies in this series are derived from computerized on-line searches of selected data bases. Timeliness of the topic and evidence of extensive interest are selection criteria. Comprehensive subject coverage is not an objective; however, the citations provide a substantial recent resource for investigation of the subject. Each bibliography is updated or dropped after six months.

Copies of this bibliography may be made for use or distribution without prior approval. The inclusion or omission of a particular publication or citation may not be construed as endorsement or disapproval.

To request a copy of a bibliography in this series, send the title, series number, and a return addressed gummed label to:

NATIONAL AGRICULTURAL LIBRARY

1022466219

USDA Employees. Books will be sent on loan; photocopy of journal articles or non-circulating publications will be sent in lieu of loan. Submit requests on Form AD-245 (5/78) which is available from an agency procurement office. USDA employees in a state participating in the Regional Document Delivery System should send the requests through their state land-grant institutions (see list on back). Employees in other states may send requests directly to: Lending Branch, TIS/SEA, National Agricultural Library Bldg., Beltsville, MD 20705.

NON-USDA Requestors. Requestors are expected to use the resources of their local state or national libraries before sending requests to the National Agricultural Library. Individuals should arrange for loans through their nearest library as loans are made only to other libraries. Individuals may request photocopy on USDA Form LF-607 which can be requested in advance from the Library.

Requests sent through university libraries, information centers and commercial organization libraries should be submitted on the American Library Association or International Interlibrary request form. TWX messages are accepted (710-028-0506). Requests for photocopy will not be processed without a statement that the request complies with copyright regulations.

Loans: Materials are loaned for one month; renewals for an additional month may be requested if the request is received before the due date. All loans are sent first class and should be returned in the same manner.

Restrictions to loans: The following materials will not be loaned: serials and journals (except USDA serials), proceedings of conferences or symposia, rare or reserve books, reference books, or microforms. Only monographs published in the U.S. will be lent to libraries in other countries. Photocopy rates are:

Electrostatic copy: \$2 for each 10 pages or fraction copied from a single article or publication

Microfilm (35 mm): \$1 for each 30 pages or fraction copied from a single article or publication.

Invoices for completed work will be sent twice yearly. Do NOT send payment with requests. NOTE: Once a request has been accepted and processing has begun, the requests cannot be cancelled. Any request placed is regarded as binding on the part of the requestor and appropriate charges will be made.

SEND REQUESTS TO: ILL/Photoduplication Section, TIS/SEA, National Agricultural Library Bldg., Beltsville, MD 20705.

Questions regarding these services should be directed to the attention of the Head, Utilization Section (301) 344-3761.

USDA Regional Document Delivery

\* NATIONAL AGRICULTURAL LIBRARY

1022466219

Through agreements with the major land-grant libraries in select states, USDA employees or those states may send their requests for document service directly to the land-grants for the document cannot be supplied, it will be automatically forwarded to a larger regional land-grant library and a notice of this action sent back to the requester. If the regional cannot fill the request, it is forwarded to the National Agricultural Library (Lending Division) for completion. This service exists in the following states and AD-245 forms may be sent to the libraries or NAL. Phone numbers may be used for emergency services.
